PROGRAM PACKAGES

Educating each child the right way, enhancing the left and the right-brain.

ENGLISH

$160/month

x1 lesson every week

- Go beyond basic reading and writing
- Build skills such as creativity, communication, curiosity and critical thinking
- From mastering pencil grip, to comprehensive analysis, to brainstorming for an essay, our methods address it all and pave a secure way

MATH

$160/month

x1 lesson every week

- Where numbers meet the real world
- Students explore 24-hour clocks, taxes, integers, financial literacy, and interest rates and more through a Montessori incorporated lens
- Hands-on material and a whole-brain approach strengthen conceptual understanding and real-life application of basic, core arithmetic skills

HOMEWORK HELPERS

$120/month

x1 lesson every week

- Bring in any schoolwork—arithmetic, reading, or writing
- It's more than just homework; we identify and address learning gaps as they arise to ensure deeper understanding and lasting progress
- Let us ease the pressure at home by taking homework off the plate—one less task for crazy schedules and super-busy moms and dads

ABACUS PROGRAM

$180/month

x1 lesson every week

- More than just speedy, mental math—abacus training strengthens the brain
- By integrating right-and left-brain thinking, students sharpen focus, memory, spatial awareness, creativity, and critical thinking
- The program enhances mental agility extending far beyond the classroom
- Especially beneficial for those with learning difficulties

**Ages 5+ only.*

**All prices are for 1 child - sibling discounts or bundled packages applicable - contact admin@etalearing.com for assistance*
