PROGRAM PACKAGES

Hands-On Learning. Small Group 3:1 Classes. Personalized Curriculums.

Foundations that last.

ENGLISH

$180/4 sessions

- Accelerate literacy with Montessori materials, contrasting the age of technology and autocorrect; from letter formation to sentence structure, syntax, and grammar
- Build skills from brainstorming and organizing thoughts, to structuring paragraphs and essays, to researching, proofreading, and editing
- Foster critical thinking, inferencing, reasoning, creativity, curiosity, and communication
- Ongoing homework assignments as well as academic and behavioural assessment to support student growth

MATH

$180/4 sessions

- Activate the brain more, deepen conceptual retention and fortify arithmetic foundations, while fostering a love for learning, through Montessori materials
- Take things a step further by tackling real-world concepts such as integers, area and perimeter, 24-hour clocks, pythagorean theorem, interest rates and more.
- Ongoing homework assignments as well as academic and behavioural assessment to support student growth

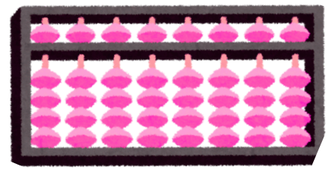

HOMEWORK HELPERS

$150/4 sessions

- Bring schoolwork in arithmetic, reading, or writing for guided support
- Go beyond homework with us; address learning gaps, prepare for tests, and build effective study habits
- Reduce stress at home by taking homework off your plate—one less thing in a busy schedule
- Ongoing academic and behavioural assessment to support growth

Content must be english language only.

ABACUS

$180/4 sessions

- Train and strengthen the brain while learning to achieve speedy, mental math skills
- Sharpen focus, memory, spatial awareness, creativity, and critical thinking
- Enhance mental agility extending far beyond the classroom
- Beneficial for those with learning difficulties
- Ongoing homework assignments as well as academic and behavioural assessment to support student growth

Ages 5+ only.
